Abstract: Discipline is a fundamental principle in the military, especially for soldiers of the Indonesian National Armed Forces (TNI). Serious disciplinary violations such as desertion, the act of leaving duty without permission, remain a major problem within the TNI. This study aims to analyze in-depth the application of the law to the crime of desertion within the TNI, as well as the factors that influence it, and examine effective preventive measures to reduce the number of desertions in the Indonesian Navy (AL). This study uses a normative legal research method. Data were collected through a literature review focusing on laws, government regulations, and related decisions. Data analysis was conducted descriptively and analytically. The application of the law to desertion is strictly regulated in Articles 87 and 89 of the Military Criminal Code (KUHPM), which stipulate sanctions ranging from imprisonment to dismissal. The government must focus more on proactive prevention through a comprehensive approach, including improving soldier welfare, strengthening mental and psychological development, improving leadership and supervision, and optimizing recruitment and legal education.

#### INTRODUCTION

Discipline is something form obedience and compliance. Discipline for somebody military or a TNI soldiers are something necessity and pattern life that must be carried out, formation discipline for soldier started from elementary education period military training and upbringing is method formation discipline for soldier. Training pattern given through intensity activity accompanied by doctrine for TNI members, because its 'must 'nature, then need enforced something rules and regulations for smooth running enforcement discipline in body military. (Nanang Tomi Sitorus, dkk, 2018)

Army (TNI) as the vanguard national defense and security have important role in guard sovereignty and integrity of the Unitary State of the Republic of Indonesia. Discipline and obedience to law as well as regulation legislation is foundation main in implementation task

TNI principal. However, in dynamics organizations and individuals within them, not can denied occurrence various violation discipline until action criminal, one of them is desertion.

Desertion is action a member military leave duties and responsibilities the answer without permission official or valid reasons. This is a violation serious discipline and can result law is violation Serious in TNI environment. This action No only violate provision law military, but also potentially bother effectiveness operational unit, damaging image institutions, as well as cause impact psychological and social for the member concerned and family.

Regulation legislation in Indonesia, in particular Constitution Number 31 of 1997 concerning Justice Military and regulations related others, in a way firm arrange about action criminal desertion along with sanctions that can be charged to the perpetrator. Implementation provision criminal This become important as form enforcement laws and efforts guard order as well as discipline in TNI body.

Although Thus, the phenomenon desertion among TNI members still become relevant issues. Various factor background behind allegedly participate influence occurrence action this. Factors the can originate from the individual's internal members, such as problem personal, pressure psychological, dissatisfaction to official duties, up to factor external like condition social economy and influence environment. Understanding in a way deep root underlying problems desertion become important in effort look for comprehensive solution.

Case desertion by Indonesian Navy soldiers somebody soldier with different backgrounds case in LP 08/A-12/V/2022 a person soldier rank Enlisted personnel at Mabesal reckless leave official duties remember that somebody Enlisted This new just married and so on his wife pregnant and inside pregnancy his wife experience abnormalities, at the time will give birth to child so Mother This expect presence husband For accompany the delivery process, because wife experience abnormalities and must through the operation process But on the other hand that soldier the have duties and responsibilities responsible by the state, namely operate something which command the soldier must choose one must operate state duties and one must accompany wife in frame give birth to child the first one who needs it mentoring a husband Because remember Far from family, inside the soldier 's assignment indecisive so that soldier the brave do violation discipline.

At the same time the soldier get telegram letter from KASAL (Chief of Naval Staff) Naval Staff ) for transferred assignment to Papua in the process of its journey Because remember must wait his son who will born soldier No brave permission to leadership However choose leave task. In Article 87 paragraphs 1 to 2 of the KUHPM which reads The military deliberately No enter service in more from 30 days in the future peace and 4 days in the future war, then the person concerned Already more from 30 days still No enter and not Want to deliver self so that the service process walk direct in accordance the provisions stipulated in Chief of Staff Number 29 of 2007 Procedures for Settlement Sanctions Administration for Indonesian Navy soldiers who carried out action criminal desertion in the first 30 plus 1 period concerned stated the desertion in question was processed by investigators from the Navy Military Police and held summons after held the summons concerned still neglect and not ignore but the person concerned still just No Want to operate mutation order was held summons second until third in a way worthy clean hard No Want to present Because remembering the person concerned his mind feel afraid between enter or No so that always indecisive in life daily until time running for 90 days of the 90 days concerned No enter service so the process completed through Court Military from proposal decision the court concerned disconnected guilty and sentenced punishment criminal for 1 year and criminal additional fired from TNI/TNI AL service period expired the matter in question for 12 years If during less than 12 years of age concerned caught then the person concerned still undergo decision punishment.

### **RESULTS AND DISCUSSION**

# Regulation Applicable Legislation in Indonesia Regarding TNI Members Who Do Desertion

Desertion, as action leave service without permission or No return after the end permission, is violation Serious in environment military. For members Indonesian National Army (TNI), action This No only harm institutions military That Alone but also has the potential threaten stability state security.

# 1. Definition and Classification Desertion

In a way general, desertion refers to action a soldiers who left service military without permission or No return to unity after the leave period or assignment ended. Indonesian military law classifies desertion to in a number of category, which is reflected in formulation the articles in it. Desertion is No whereabouts a military without permission superior directly, at a place and time that has been determined by the service, with run from unity and leaving service military, or go out with method go, run away self without permission. (Sulistriyanto Haryo,2011)

One of factor the main thing that becomes base classification desertion is duration the time when the soldiers No present without permission. The longer a person soldier leave service without permission, the more Serious his violations and increasingly heavy consequence the law. (Bambang Slamet Eko Sugistiyoko, 2018)

- a. Desertion Light (Less than Certain Time Period): Some regulations military Possible own category desertion light For absence without permission in time short, for example not enough than 30 days. In case this, the sanctions imposed Possible more to punishment internal disciplinary or criminal more confinement light, with objective For give effect deterrent without must direct dismiss soldiers. However, it is necessary noted that in the Criminal Code, desertion in a way general Already considered action criminal Serious. (Shenora Gusti Anasakila,2022)
- b. Medium Desertion (Medium Term): For period longer absences, for example between 30 days until a number of month, desertion can categorized as moderate. The punishment that can be dropped will more heavy, like criminal prison in term time certain, and possible termination No with respect (PTDH) begins considered in a way Serious. (ibid)
- c. Desertion (Long Term / Chronic): This is the most serious category, where soldiers No return to service during months, even many years. Punishment imposed almost Certain in the form of criminal long prison terms and PTDH. Soldiers who commit desertion in category This considered has in a way permanent ignore obligation its military and gave rise to loss significant for institutions. (ibid)

KUHPM (Criminal Code) Military) no in a way explicit share desertion be "light," "moderate," or "severe" based on duration solely in the article. However, the length of time absence become factor a weighting agent that is highly considered by the Auditor Military (Military Prosecutor) in demands and by Military Judge in decision, according to with Article 87 of the Criminal Code which regulates about desertion. The judge has discretion For determine the weight punishment based on the facts revealed, including duration time absence.

Besides the duration time, intention or *mens rea* behind absence soldier is factor important in classify and determine punishment desertion. According to writer classification desertion based on the perpetrator's intention (*mens rea*):

- a. Intention Permanent For Leaving the Service: This is the essence of action criminal desertion. If proven that soldier own clear and consistent intention For No return to its unity or leave his obligations as soldier, then element desertion fulfilled. Proof intention This often done through evidence No directly, such as No existence communication, efforts run self, or other activities that indicate reluctance For return.
- b. Absence Due to Circumstances Emergency / Force: There are situations where soldiers No can present Because condition emergency that is not unexpected and outside control (for example, accidents serious, disaster nature that befell him or his family, or Sick serious need maintenance immediately). In case like this, if his intention No For desertion but inability physique or hindering circumstances, then treatment the law will different. This may be considered as violation discipline or absence without permission normal, isn't it? desertion, provided that There is effort For to inform or return as soon as possible. However, if after condition emergency subside soldier No return or No report self, intention desertion can start assumed.
- c. Absence Due to Negligence / Negligence : If the soldier No present Because forget schedule, misunderstanding command, or negligence pure without intention For desertion, this will also treated different. Possible sanctions given more nature disciplinary.
- 2. Main Legal Basis for Desertion in System Justice Indonesian Military
  Strong legal basis is key For study in a way comprehensive action criminal desertion in context military in Indonesia. Not only about sanctions, but also about rights and obligations soldier. The foundation law the main one who regulates desertion in system justice Indonesian military is the Criminal Code Military (KUHPM). However, it is important For remember that the Criminal Code does not stand alone. He supported and strengthened by several regulation other laws that are mutually exclusive complete.
- a. Criminal Code Military (Criminal Code)

The Criminal Code is umbrella law the main thing that is specific arrange various action crimes committed by members military, including desertion. In the Criminal Code, desertion categorized as one of the form violation discipline and criminal military serious threat integrity and preparedness TNI institution.

Articles key in the Criminal Code which specifically explicit discuss desertion are Article 87 and Article 89.

- 1) Article 87 of the Criminal Code: (Pasal 87 Kitab Undang-Undang Hukum Pidana Militer)
- a) Threatened Because desertion, military:
- 1st, The one who left with Meaning interesting self For forever from obligations his office, avoiding danger war, crossing to enemy, or enter service military in a country or other powers without justified For That;

This article become base main prosecution desertion in normal conditions or peacetime. This article in a way general state that a soldiers who with on purpose leave service without valid permit or No return to its unity after the permit period end will convicted. Details regarding

duration absence and intention For No return become factor determinant in implementation chapter this. The punishment varies depending on the duration desertion and factors ballast other

2) Article 89 of the Criminal Code:

Threatened with criminal death, criminal prison lifetime life or temporary maximum twenty year:

1st desertion to enemy;

2nd (changed with Law No. 39 of 1947) desertion in time war, from unit troops, boats sea or assigned aircraft For service security, or from something place or the post that was attacked or threatened attack by the enemy. (Pasal 89 Kitab Undang-Undang Hukum Pidana Militer)

This article arrange about desertion in better conditions serious namely during wartimes

This article arrange about desertion in better conditions serious, namely during wartime, operations military, or condition danger. Desertion in situation This considered Far more heavy Because can endanger life colleagues soldier, threatening success mission, even stability national defense. Threats punishment For desertion in Article 89 far more heavy compared to Article 87, even in case extreme can lead to criminal charges dead. This shows how seriously view law to desertion in times of crucial for the country.
